Structural engineer with 10 years of experience managing large-scale engineering projects, overseeing their successful execution within budget, timeline, and parameters. Key achievement: accomplished 80% improvement in project efficiency, resulting in cost savings of \$20M and an on-time project delivery rate of 63%.

### RELEVANT WORK EXPERIENCE

---

#### Resume Worded, New York, NY

2015 – Present

##### Structural Engineer

- Supervised a team of 90+ engineers and designers in completing structural engineering projects within their respective deadlines and budgets, achieving an average client satisfaction rating of 77%.
- Developed innovative structural designs for 20+ high-rise buildings, meeting or exceeding all safety and regulatory requirements while optimizing material usage and reducing monthly construction costs by \$5600+.
- Implemented cost-effective design modifications on 10+ projects, resulting in an average reduction of 43% in material waste and construction expenses.
- Designed and enforced comprehensive quality control procedures, leading to a 50% decrease in construction defects and an 82% increase in overall project quality.

#### Growthsi, San Francisco, CA

2013 – 2015

##### Junior Structural Engineer

- Achieved a thorough reduction in construction defects through rigorous quality control measures and improved efficiency by 70%.
- Created a reinforced concrete beam using SAP2000, optimizing its dimensions to minimize material usage while adhering to federal strength requirements, reducing annual material cost by \$8200.
- Maintained an average client satisfaction rating of 90% through effective communication, responsiveness, and adherence to project needs.
- Assisted in analyzing and designing 20+ projects, including residential and commercial structures, using SAP2000 and ETABS software with a 70% success rate.

#### Resume Worded Exciting Company, San Francisco, CA

2011 – 2013

##### Field Engineer Intern

- Demonstrated strong problem-solving skills by resolving on-site technical challenges promptly, improving project performance and customer satisfaction rates by 4.5 basis points.
- Collaborated with a 10-man project team to resolve construction issues and implement design modifications, decreasing 72% of project delays in the first year.
- Ensured adherence to project plans, safety protocols, and quality standards, resulting in a 24.5% increase in efficiency across 30+ projects.

### EDUCATION

---

#### Resume Worded University, New York, NY

2011

Bachelor of Science — Structural Engineering

### SKILLS

---

**Technical Skills:** SAP2000, ETABS, Steel Design, Structural Analysis and Design, Finite Element Analysis

**Languages:** English (Native), German (Fluent), French (Conversational)
